

Task 2

Gianluca Camenzuli
Web Design

1) Service Offered & Aim of Website

- PlayLikeaPro^{MT} offers the chance for football fans to book high-level 5-a-side, 7-a-side, or 11-a-side football matches with professional referees.
- The users are responsible of forming their own teams before booking a match.
- On the website, users can easily select their preferred pitch and schedule their match in a smooth and hassle-free process.
- PlayLikeaPro^{MT} brings a professional touch to amateur football.
- The website's purpose is to provide a platform for users that wants to schedule a competitive match, once in a while, with referees.

2) List of Pages and their Functionalities

1) Home Page

- A summary of the other pages will be displayed.

2) About Page

- A page filled with information about the organization process, giving users an idea on what they are applying for.

3) List Page

- A page dedicated with a list of pitches in Malta will be available for the users to choose from.
- Users can filter the list by pitch type (5-a-side, 7-a-side, 11-a-side).

4) Focused Page

- Pages dedicate to individual pitches, with details such as, address, number of players, available times and dates, pricing for booking and star ratings.

5) Contact Page - Booking Form

- Easy-to-use contact form with clear fields for name, email, phone number, pitch type, location, date/time, and special requests for users to book pitch for a scheduled date.
- A clean form with fields such as radio buttons or drop downs to ensure easiness.

3) User Persona 01

Name | John Borg

Age | 27

Occupation | Sales Representative

About | Semi-professional footballer who plays in Malta's second division.

Reason for using Website | He wants to play competitive matches outside his club to improve his game with real match conditions and refereeing.

Difficulties with existing sites | Most platforms focus on casual matches without official referees or structured gameplay. This makes it hard for him to play a serious game with his opponents.

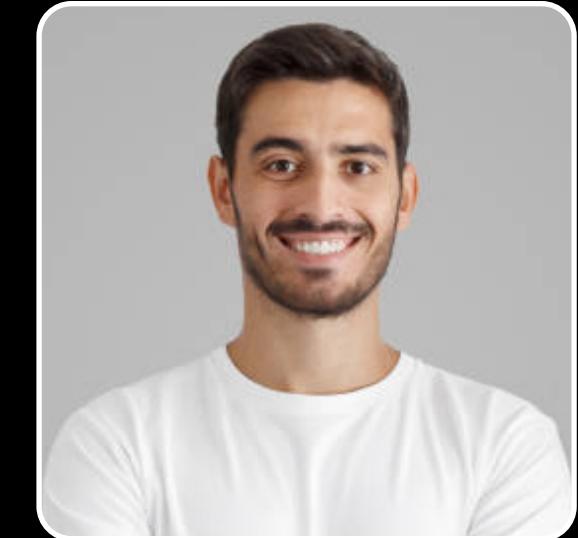

Special Requirements | John prefers a platform where the match is organized without having to plan himself, ensuring his focus stays on playing.

3) User Persona 02

Name | Luke Camilleri

Age | 24

Occupation | Web-Designer

About | He plays in amateur leagues and organizes matches with his friends.

Reason for using Website | He enjoys competitive games and wants a structured environment with fair refereeing, ensuring high-quality play.

Difficulties with existing sites | Booking pitches with referees is complicated and requires calling multiple providers. This takes up a lot of his time and effort.

Special Requirements | He prefers a simple booking system where he can book referees without long back and forth communication.

3) User Persona 03

Name | Daniel Vella

Age | 32

Occupation | Office Worker

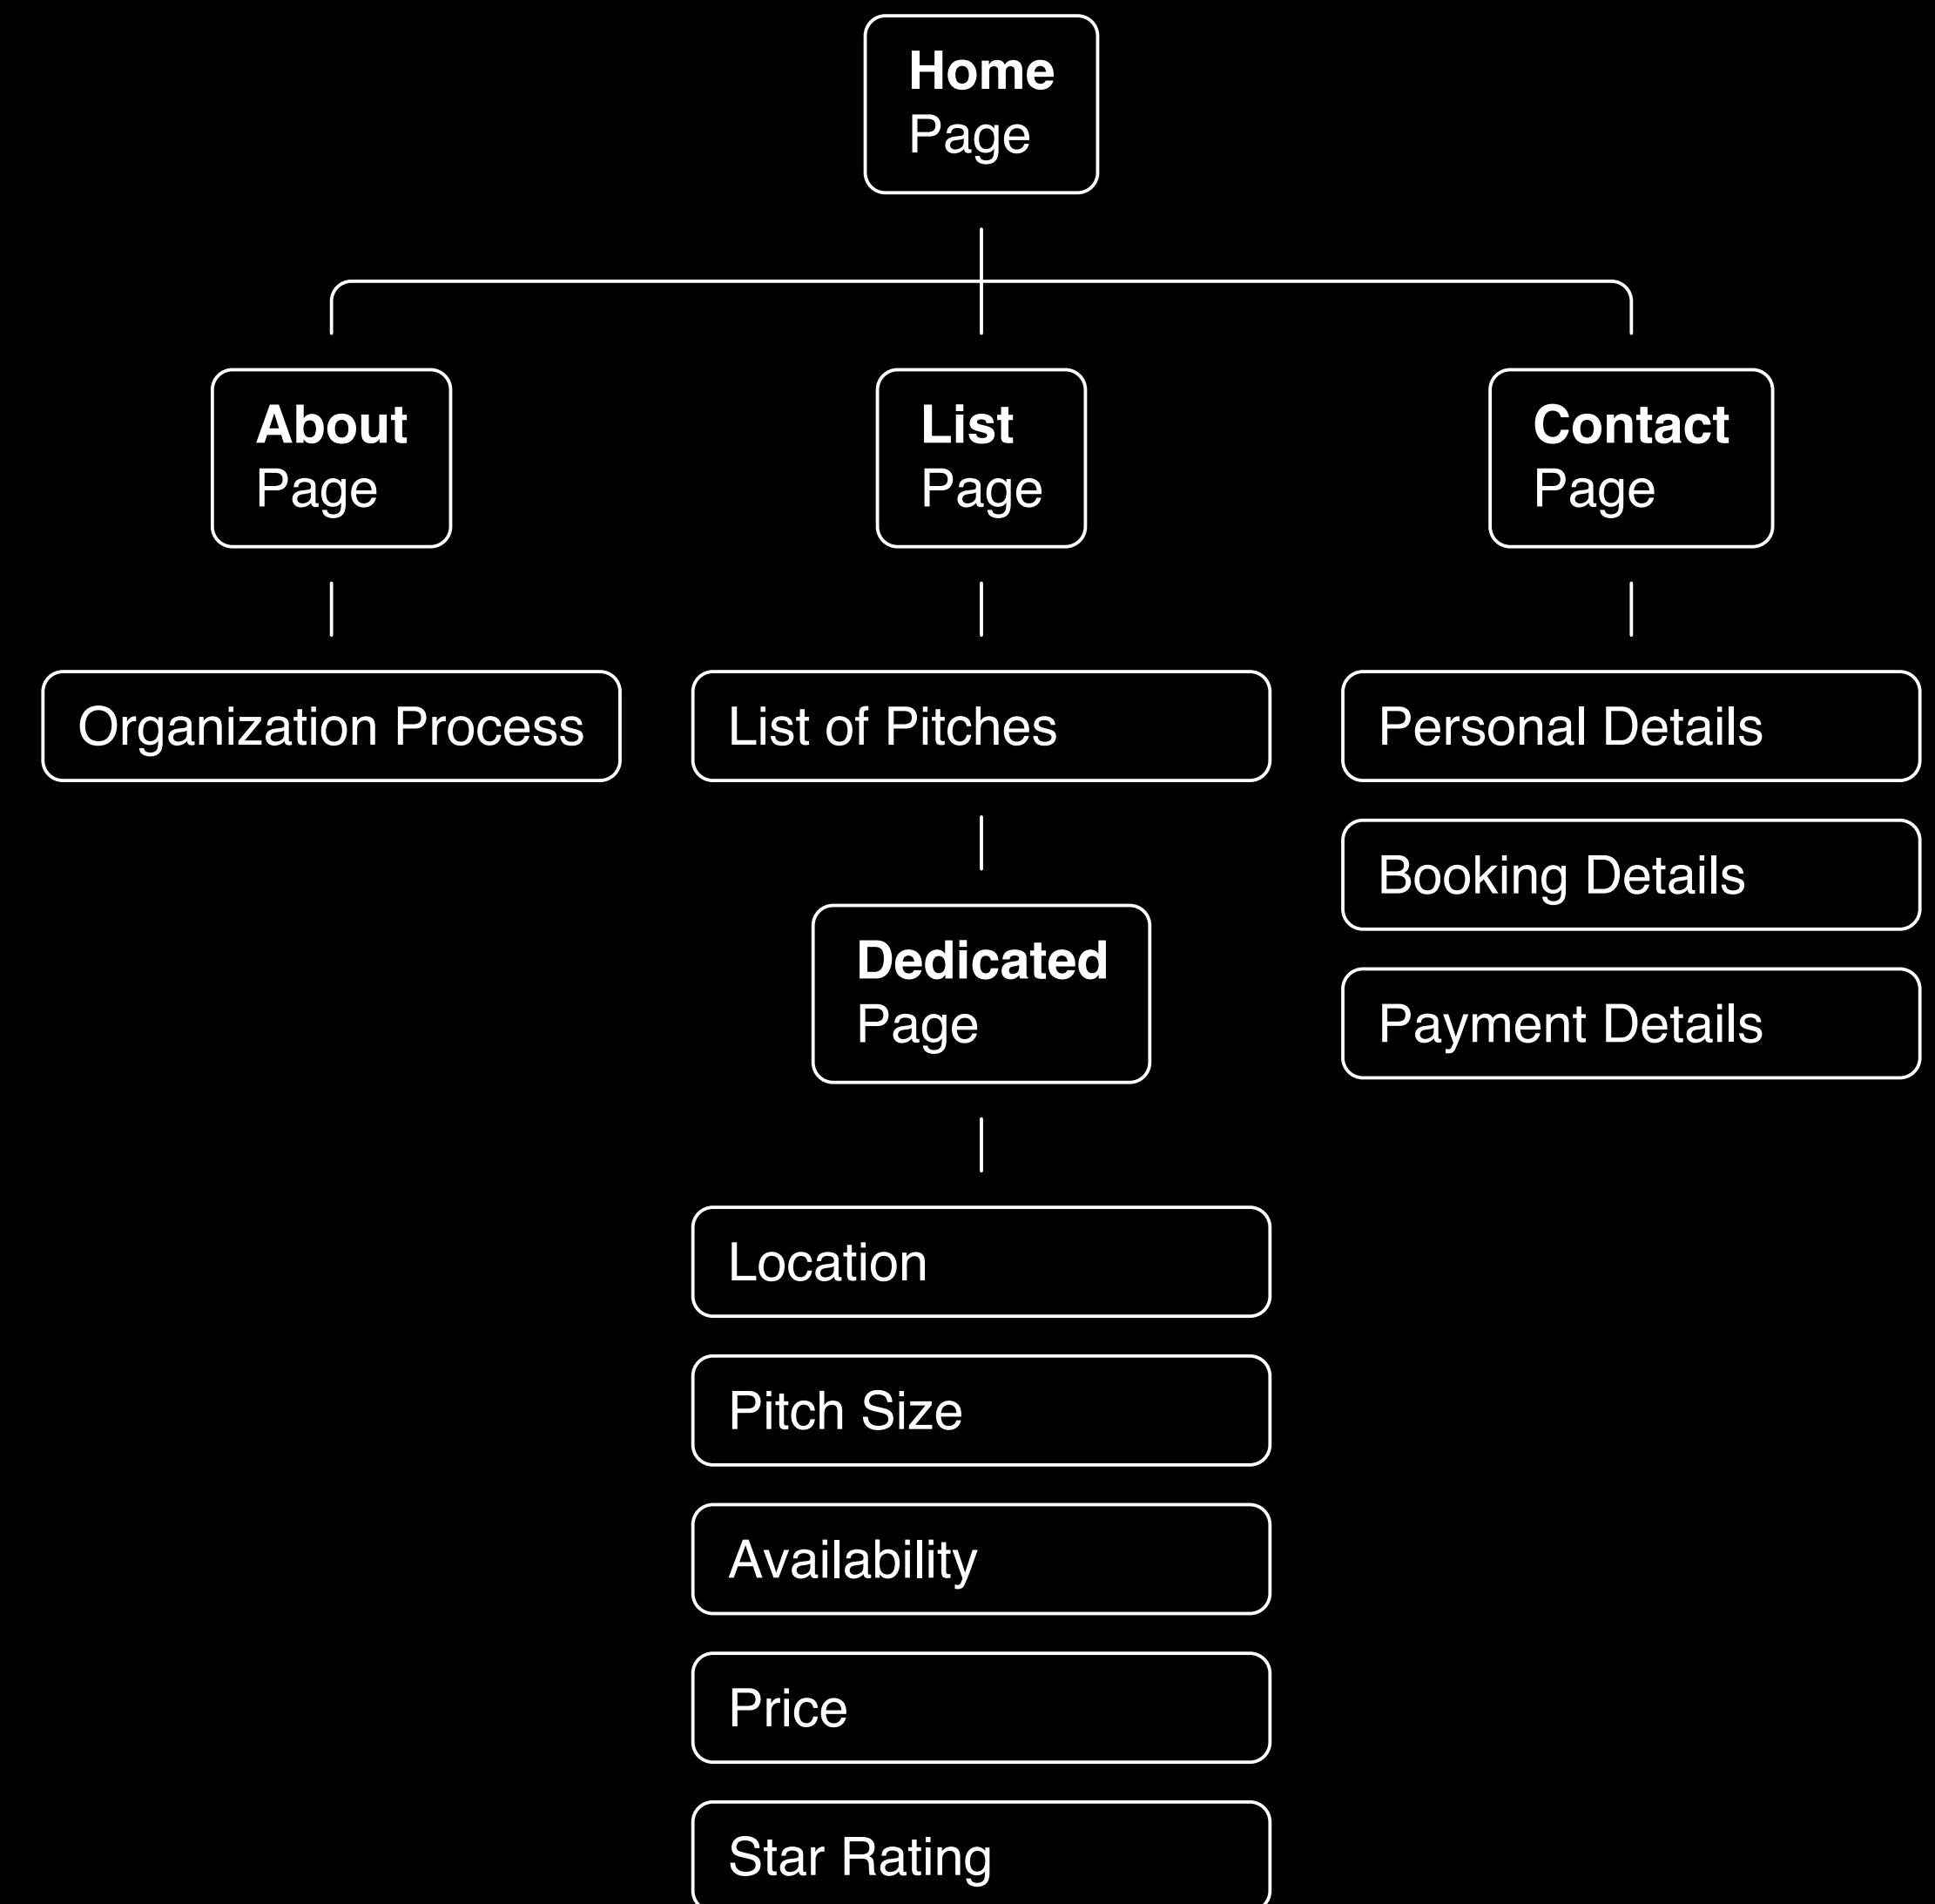

About | Daniel plays football twice a week to stay in shape.

Reason for using Website | He wants to improve his fitness routine by playing serious matches rather than casual games. The refereeing service helps keep the games fair.

Difficulties with existing sites | Many platforms lack organization, making it hard to find matches that fit his schedule.

Special Requirements | He needs a quick and hassle-free booking system where he can book a match in just a few clicks, without a long set up process or unnecessary steps.

7) Med-Fi Wireframe Home & About Page

7) Med-Fi Wireframe List & Dedicated Page

7) Med-Fi Wireframe Contact Page

The wireframe for the Contact Page is organized into several sections:

- Personal Details:** Contains fields for First Name, Last Name, Email (with placeholder name@gmail.com), Phone (with placeholder 7900 0000), and a Contact checkbox.
- Get in Touch:** Includes a placeholder text "Lorem Ipsum is simply dummy text of the printing and industry." and two checkboxes: Email and Number.
- Pitch Selection:** Features dropdown menus for Location and Pitch, and a large text area for a Message.
- Date & Time:** Contains a Calender button and a grid of six time slots (00:00-00:00).
- Payment Details:** Shows two envelope icons, a Card Holder field, a Card Number field (with placeholder 0000 0000 0000 0000), and EXP 00/00 / CVC 000 fields.
- Buttons:** At the bottom are two buttons: Cancel and Book.
